### Assignment:

- Choose a social media from the list on page 3 to research. Each individual is responsible for a Social Media Report finding the:
  1. History (developer, where it started, how it started, etc.)
  2. Logo (And Tagline if there is one)
  3. Features (What can do with this social media) Add pictures of the actual social media interface to help explain features
  4. Finances (Find financial information, examples: stock price, how much they made in the past year or two, how they make money, how much has been invested in the company, etc.)
    - a. **Must find at least two financial aspects for company.**
  5. Pros & Cons (create a list of Pros vs. Cons and explain)
  6. Conclusion (List Major Topics and Review)
  7. This report should be MLA style (we will go over formatting, etc. for MLA) and should be at least 3 pages. Type in Word.
  8. Each individual will upload their MLA style report to Google Classroom.
- After you have compiled your reports, discuss with your partner to create a presentation using PPT.
- You and a partner will create a presentation to represent information gathered about your selected social media site. 7x7 Rule needs to be strictly followed, NO SENTENCES.
- **Once complete, upload your PPT file to Google Classroom. We will download from here and present to the class.**
